

Hello Past, Current and Future Volunteers!

We have many **NEW** ReStore Volunteer opportunities now available! Be sure to check Be sure to check our website's volunteer section at www.habitathamilton.ca for future new opportunities as well.

Marketing Team – to help promote the ReStore, donations, salvages, and volunteers. Meets monthly to discuss and implement strategies and ideas.

Green Initiative Team – to help promote our recycling and green initiatives in the community. Initially to meet monthly for approximately 4 months, then as needed, most likely quarterly throughout the year.

Procurement Team– to meet and greet potential business donors in the community and explain the mutual benefits of donating to the ReStore.

Spring Cleaning – we are looking to organize a group for the beginning of April to spring clean our kitchen and offices.

Policies and Procedures – we are in need of help in creating, updating and re-writing several different policy manuals. If you are organized have great attention to detail this may be for you. Much of this work can be done here at our offices or be taken home to work on at your convenience.

Sales and Promotions – Love sales? Help plan and schedule weekly, monthly, and seasonal sales throughout the store. Also help in maintaining and developing our on-line ads including our kijiji ads.

If you are interested in learning more about joining of any of these teams or events simply reply to this email, drop by the store, or give me a call. Please feel free to sign up for more than one, or to invite your friends.

Regards,

Tonny Colyn

ReStore Manager
